Oct 7.22

Dear Clarke:

Your letter of Oct 3
is very interesting and suggestive.
I think that something may
come of the idea. Meantime the
material is there on the ground,
and falling to pieces. A good
deal would be left available,
even with a high percent of
breakage. The broken brick could
be used in the core. I will keep
you advised as to progress, if
any.

Yours truly
Thurston
